Wölbelstücke umkippen, können lebensgefährliche Rutschungen durch Einklemmen die Folge sein. Um zu verhindern, dass das Möbelstück umkippt, muss es fest an der Wand verankert werden.

Beschläge für die Wandbefestigung sind nicht beigegeben, da sie von der jeweiligen Wandbeschaffenheit abhängen. Befestigungsbeschläge benutzen, die für die heimischen Wände geeignet sind. Bei diesbezüglichen Fragen den örtlichen Fachhandel zu Rate ziehen.
